

# Music Curriculum Map

## Music Intent

We aim for our children to be able to use their voices expressively in solo and ensemble contexts; to have a good understanding of a range of instruments; and to have opportunities to play both tuned and untuned instruments. They will know that music and instruments have developed and evolved over time and that music can be formed in a range of different styles. These skills will provide the children with an appreciation of music and the power it can have to bring people together.
